Tournament Options

STARTING OPTIONS

Shotgun Start:

A Shotgun start is a golf tournament format in which all groups of players tee off simultaneously from different holes. Two groups will start at each hole. With this option all groups will start and finish at approximately the same time.

Straight Tee Tournament:

This option good for competitive events. Tournament will have the option of initial start time and tee time interval time.

TOURNAMENT FORMATS

Scramble Format:

In this format every person in the group will hit from the appropriate tee marker. The group will determine the best of the four shots, and everyone else will pick up their ball and place it a club length away from the "best ball." The group will continue this process until the ball is completely in the cup. The winning team is the team with the lowest 18 hole score. This format promotes faster pace of play and makes the event playable for a wider variety of golf skill sets. This is the most popular No-Profit golf tournament format.

Best Ball:

This format may be played in 2, 3 or 4 person teams. Golfers will play their own ball through the entirety of the hole and at the conclusion of the hole, write down the lowest score as a team score. This format is played with or without handicap. This is usually a fun format with a medium pace of play for more avid golfers and the results can be calculated quickly.

Shamble:

In this format every person in the group will tee off from the appropriate tee marker. The group will determine the best of the four shots and everyone else will pick up their ball and place it a clubs length away from the best ball. From this point each player will play individual shots until all team members have holed out. The team will record the lowest score as their team score and the team with the lowest 18 hole score will be the tournament winner.
